

## Idaho Wine Permit Selection Sheet

Idaho Wine Permit Selection Sheet			
Permits		Who Needs This Permit?	Source
<b>Susan Churchman</b> <b>Boise City Hall</b> <b>208.384.3710</b>	<b>Alcohol Catering Permit</b>	Any entity serving alcohol in a public venue that is not covered by an alcohol license or other State Permit. Circumstances when this permit is not needed: When the event/venue is already covered by a Non-Profit Beer/Wine Permit or when the entity has already obtained a Sponsored Event Permit. A State issued Sponsored Event Permit will override a Boise City Alcohol Catering Permit.	Contact Boise City Hall for Permit Applications
	<b>Eating &amp; Drinking License</b>	All food and beverage entities that are not regularly licensed for traveling samples.	
<b>Idaho State Police</b> <b>208.884.7060</b> <b>abc@isp.idaho.gov</b>	<b>Non-Profit Beer/Wine Permit</b>	In order for any wine donations to be given to an entity, it must prove it is a certified non-profit and have the permit verifying the acceptance of donations. This permit can also be utilized for fundraising events for the non-profit when the event is taking place on a continually owned premise that is licensed as a winery. Vendors would not need additional permits to pour as long as all proceeds go to benefit the non-profit and they are all covered under that non-profit permit. When this permit is issued, licensed vendors are not allowed to <u>pour their own product and the non-profit must supply all pourers.</u>	<a href="http://www.isp.idaho.gov/abc/documents/NEWBeerWinePermit_001.pdf">http://www.isp.idaho.gov/abc/documents/NEWBeerWinePermit_001.pdf</a>
	<b>Sponsored Event Permit</b>	Any time a licensed entity leaves its licensed premise for the purpose of pouring within the State of Idaho, a Sponsored Event Permit must be obtained and approved 7 days prior to the event. The only exception for not needing a Sponsored Event Permit, is when the venue where the pouring will take place is covered by a non-profit event permit.	<a href="http://www.isp.idaho.gov/abc/">http://www.isp.idaho.gov/abc/</a>
<b>Local County Restrictions</b>	<b>Check with your local City Hall</b>	Within the State of Idaho, a Sponsored Event Permit is needed for all outside of premise events unless otherwise covered by a non-profit permit. In addition to the Sponsored Event Permit, some counties enforce additional permits in their district. Please contact your local City Hall to inquire additional permits.
